1 Purpose and Scope

This policy applies to The Whiskey Project Group Ltd (**Company**). The Company is committed to:

(a) complying with its continuous disclosure obligations contained in the ASX Listing Rules and the *Corporations Act 2001 (Cth)* (**Corporations Act**);

(b) preventing the selective or inadvertent disclosure of material price sensitive information; and

(c) ensuring that shareholders and other market participants and interested parties are provided with equal and timely access to material information about the Company.

This Disclosure and Communication Policy (**Policy**) outlines the processes followed by the Company to ensure compliance with its continuous disclosure obligations and the corporate governance standards applied by the Company in its market communications practices.

2 Continuous Disclosure Obligations

The Company operates in compliance with the Corporations Act and the ASX Listing Rules which are in place to ensure an informed market.

2.1 ASX Listing Rule 3.1

ASX Listing Rule 3.1 requires companies to immediately notify ASX of any information concerning it that a reasonable person would expect to have a material effect on the price or value of its securities (**Material Information**) that does not fall within the specific exceptions noted under ASX Listing Rule 3.1A.

A reasonable person would expect information to have a material effect on the price or value of the Company's securities if the information would, or would be likely to, influence an investor in deciding whether to buy, hold or sell the Company's securities.

Whether information is Material Information and required to be disclosed is an objective test and the fact that an officer of the Company may honestly believe that information is not Material Information will not avoid a breach of ASX Listing Rule 3.1, if that view is ultimately found to be incorrect.

The requirement in ASX Listing Rule 3.1 to disclose information to ASX immediately does not mean instantaneously, but means "promptly without delay", doing it quickly as it can be done in the circumstances and not deferring, postponing or putting it off for a later time.

The Company will not release Material Information that is required to be given to ASX under ASX Listing Rule 3.1 to an external party except where that information has first been disclosed to ASX and the Company has received an acknowledgement from ASX that the information has been released to the market generally.

If the Company becomes aware that Material Information has been released to a section of the public before it has been given to ASX under ASX Listing Rule 3.1, the Company must immediately give that Material Information to ASX for release to the market.

2.2 Exceptions to ASX Listing Rule 3.1

Under ASX Listing Rule 3.1A, the Company is not required to disclose Material Information if each of the following is satisfied in relation to the information:

(a) one or more of the following applies:

(i) it would breach a law to disclose the information;

(ii) the information concerns an incomplete proposal or negotiation;

(iii) the information comprises matters of supposition or is insufficiently definite to warrant disclosure;

(iv) the information is generated for internal management purposes; or

(v) the information is a trade secret; and

(b) the information is confidential and the ASX has not formed the view that the information has ceased to be confidential; and

(c) a reasonable person would not expect the information to be disclosed.

3 Market Speculation and Rumours

The Company's general practice, which must be observed by all personnel of the Company, is not to comment on market speculation or rumours, unless required to do so by law or ASX or where the speculation or rumours contain material errors, which the Company considers could materially adversely impact on the Company.

The Board will decide if a comment is to be made in response to market speculation or rumours. Any personnel of the Company who receive a request for comment on the Company's affairs from an external third party must refer the enquiry to the Chief Executive Officer (**CEO**) (or equivalent).

4 Types of Communication

Information will be communicated to shareholders through the following ways:

4.1 Half Year and Annual Report

The Half-Year Report and Annual Report are the most important media through which shareholders will be provided with a detailed review and analysis of the Company's objectives and performance.

The Half-Year and annual results as well as the Annual Report will be placed on the Company website as soon as practicable after they have been released to the ASX.

4.2 Quarterly Activities and Cash flow Reports

A quarterly activities report and quarterly cash flow report (Appendix 4C) will be lodged with the ASX by the last business day in January, April, July and October each year. Each quarterly report will be placed on the Company website as soon as practicable after it has been released to the ASX.

4.3 Announcements to the ASX

Significant developments affecting the Company may be the subject of an announcement to the ASX under the continuous disclosure obligations as discussed above. All announcements and other information released to the ASX will be placed on the Company website as soon as practicable after release.

4.4 Annual General Meetings and General Meetings

Annual General Meetings (**AGM**) and General Meetings (GM) of shareholders will usually be held in a capital city in Australia. At the discretion of the Board, general meetings may at times be held at other locations, which may include virtual meetings.

Prior to the AGM/GM, shareholders will be provided with an Explanatory Memorandum to accompany the Notice of Meeting. All materials relating to the AGM/GM will be lodged with ASX and placed on the Company website.

At the AGM/GM, shareholders are encouraged to participate and ask questions. Questions can also be lodged prior to a Meeting by members. The Company will ensure that the external auditor is in attendance at the AGM to answer shareholder questions about the conduct of the audit and the preparation and content of the auditor's report.

4.5 Analyst, Investor and Media Briefings

Analyst and media briefings may be conducted at various times throughout the year. Any materials distributed at such briefings, will be lodged with ASX at the time of the briefing and will be posted on the Company website as soon as practicable after release.

Investor meetings, site visits and one-on-one briefings with the financial community and/or institutional investors or analysts may be held from time to time. At those meetings the Company will not disclose any information that a reasonable person might regard as being price sensitive unless such information has previously been released to the market through the ASX or is otherwise already in the public domain.

If information that a reasonable person might regard as being price sensitive and which has not previously been released to the market through the ASX is inadvertently released at any meeting, then the Company will release such information to the ASX as soon as is practicable, promptly without delay.

5 Methods of Communication

6 Provision of Other Information

Except where otherwise provided in this Policy, the Company will not release price sensitive information into the public domain unless it is to comply with its continuous disclosure obligations and the information is first announced to the ASX.

7 Amendment of Policy

This Policy cannot be amended without approval of the Company Board. It will be reviewed from time to time to ensure that it remains effective and meets best practice standards and the needs of the Company.
